Project Title: California National Primate Research Center Lifespan Health Center

Project Location: University of California, Davis

County: Yolo

Project Description: UC Davis proposes to construct two new buildings (3,360 sf each) to provide new animal research and housing space consistent with current animal care regulations at the CPRC complex in West Campus. The new office space and animal housing and research space would be configured next to each other to support improved animal care, better research, and less stress on the animals by preventing the need to move animals longer distances between housing enclosures and research space. The Project could accommodate a potential increase in up to 14 staff in the increased office space. The new facilities would be accessed from Primate Drive, from the intersection of County Road 98 and Hutchison Drive. Approximately 10 new parking spaces would be constructed.

This Notice of Determination is to advise that the University of California Lead Agency has approved the above-described project on January 9, 2020 and has made the following determinations:

For an Addendum to an EIR:

1. *Addendum August 2019* to the UC Davis 2018 Long Range Development Plan (LRDP) EIR (SCH# 2017012008) was prepared for this project pursuant to the provisions of CEQA.
2. UC Davis 2018 LRDP EIR sufficiently analyzes and addresses potential environmental impacts from the project, and the project will not trigger any of the criteria requiring additional CEQA review pursuant to CEQA Guidelines Section 15162. The project will not result in new significant impacts or a substantial increase in the severity of the environmental impacts identified in the UC Davis 2018 LRDP EIR.
3. Mitigation measures from the UC Davis 2018 LRDP EIR were made a condition of the approval of the project; no new project-specific mitigation measures are required.
4. The implementation of applicable 2018 LRDP Final EIR mitigation measures will be monitored and reported pursuant to the 2018 LRDP Final EIR's Mitigation Monitoring and Reporting Program.
5. The previous statement of overriding considerations in the 2018 LRDP Final EIR was reaffirmed for this project.
6. Findings were made pursuant to the provisions of CEQA.

This is to certify that the Addendum August 2019 to the UC Davis 2018 LRDP EIR with comments and responses and record of project approval is available to the general public at: UC Davis Office of Environmental Stewardship and Sustainability, 436 Mrak Hall, University of California, Davis, CA 95616, Attn: Matt Dulcich, (530) 752-9597.
